LOCAL NEWS.

If, in the theory of metempsychosis, the souls of men, in their numerous transmigrations, are changed as much as their names now are, in their transmission through the various newspapers, we shall hardly recognize ourselves when we reach the inner circle. As proof of the above we quote from the New Orleans Picayune of the 14th inst.:

"Six of the Alexandria rioters have been convicted by a military commission, and con demned to hard labor in the Albany jail. Jno. Menken, 5 years; John Lawber, 2 years; John Invern, Joseph Horseman and Albert Simpson, each 6 months; Oscar Martin is not yet sentenced, as he is liable to trial for murder."

From the influence of the genial weather we have enjoyed for the last three days, and the spring rains vouchsafed us before, vegetation is rapidly springing forth. The flowers are begining to bloom beautifully, and the lilac bushes are filled. The gardens in and around the city, are assuming their loveliest habit, and their perfume fills the air with fragrance. The bright green of the commons, is a relief to the eve. The prospect is excellent for a most abundant crop of all kinds of vegetables. The farmers in this section are making the most of their time, and large crops of corn and oats have been planted.

The Market this morning was rather better supplied with vegetables than it has been fo some weeks past-though we have very little change in prices to notice. Early Yorks (small) 30 cts. per half peck; kale 25a30 cts. per half peck; lettuce from 15 to 25 cts. per head; asparagus begins to appear in small quantities. Butter from 50 to 75 cts. per lb. Eggs 25 cts. per dozen. The Meat market is well supplied -with prices at former rates. An abundance of fish, shad, herring, rock and perch filts the benches at the Fish market, and prices are, comparatively speaking, reasonable.

ALEXANDRIA, LOUDOUN & HAMPSHIRE R. R.-We are informed by the President of the Alexandria, Loudoun and Hampshire railroad company, that the road will be re-opened to Guilford Station on Tuesday next. The work on the whole line, to Leesburg, is being pushed forward as speedily as circumstances will allow. From and after Tuesday, trains will be run regularly to Guilford, from which point there will be a daily line of stages to Leesburg, and a tri-weekly train to Winchester and all points on the line.

There was an examination of the children charged with stoning the school mistress at Fairfax Court House last week, in that Village day before yesterday, at which the military authorities were present. The result of the examination was that one little boy had thrown some pebbles at the lady; and that some drunken men, for whose conduct the citizens are not responsible, and utterly condemn, went to the house of the lady in question one night some time ago, and threatened her.

We are informed that Maj. Paul R. Hambrick, Provost Judge, intends, under the Civil Rights Bill, to sue out a writ of habeas corpus, returnable before Judge Underwood, for the persons of the two negro women now confined in the work house, by order of the Mayor; and when they are released to sue Mayor Latham for damages for false imprisonment.

The twenty-five hundred pounds of pilot bread donated to the Southern Relief Fair at Baltimore, by Mr. George Y. Worthington, of this city, formed part of a contribution which left Baltimore on Thursday for the destitute people of Georgia.

Thomas Wallace, the man shot last night by Watchman James Walker, was this morning carried to the Alms House, where the attending surgeon, Dr. W. B. Gregory, is treat-

ing his injuries. For sundry "delicacies of the season" such as asparagus, fine radishes, &c., &c., we are indebted to Mr. F. H. Harrison, who always has the first and best the market affords, at his

restaurant, next door to the Gazette office. Captain Paul R. Hambrick, of the 9th veteran reserve corps, Provost Judge of this city, has been confirmed by the Senate, Brevet Major, rank to commence March 13th 1865.

Mr. Isaac Paul, a merchant of Harrisonburg, and formerly of this city, had his pocket picked in Washington last week, of about \$575.

Governor Peirpoint has appointed T. A. Stoutenburgh and Charles A. Ware Coroners for the county of Alexandria.

A negro man, named Milton, formerly a slave, the property of Samuel Mantiply, and sentenced to death by hanging, by the County Court of Amherst, on conviction of plotting and conspiring to rebel and make insurrection, has been pardoned by Gov. Pierpoint. Milton was convicted in 1861, but his sentence was commuted to transportation. He is now a

An old man, residing in Johnson County, Illinois, was recently murdered and buried by two of his children, aged respectively thirteen and fifteen years. Suspicion having been excited, and the children questioned, they confessed the murder, and alleged as its cause that their father was old, sickly, and a great trouble to them!! [Can this be true?]

POLICE REPORT. - MAYOR'S OFFICE. - Thos. Wallace, an unknown man, and supposed to be insane, was seen by the Watch last night in the act of carrying off a quantity of Railroad Iron; he was required to halt, and immediately leveled at the Watchman a coupling bolt, which the Watchman supposed to be a pistol; the Watchman fired his pistol, inflicting a painful but not serious wound. He was sent to the Alms House Hospital, by request of the Physician, that he might give him better attention there

Mary Jane Brown, negress, was arrested by the Night Watch, in that deterstable locality known as "Petersburg." When arrested she was making night hideous by her filthy and obscene language. Mayor Latham required "indemnity for the past and security for the future," but Mary Jane not complying forthwith, she was remanded, to await the attendance of her friends with the "spons."

Wm. Douglass was arrested last night by the Police, for assaulting and beating his wife in the street. The screams of the woman brought the Police to the locality; Douglass claimed the largest liberty—the woman was his wife and he be d-d it he wouldn't thrash her whenever he pleased. The Police thought it a whenever he pleased. The Police thought it a stretch of power, and Mayor Latham thought are ANNUALLY DIVIDED amongst the asso too, and required Douglass to find the sured. amount of fine and costs.

B. Arbinson, of the "Tuton Family," was brought up from the market this morning for dirty and obscene language. Mayor Latham, in order to correct his morals, imposed a fine and costs. Arbinson then left declaring that "it is so better as goot to have the 'material

Mary Ann Stewart, a sable lady, to-day, complained to the Mayor that the court in which she lived, in the neighborhood of the O. & A. R. R. Depot, was infested by a disagreeable neighbor of her's, who kept a "nasty border house," where fellows were running to at all times; that she could prove her statements by Belle Baltimore, and other gentle ladies of color in the neighborhood; thereupon, the Mayor sent for Miss Martha Diggs, the proprietor of the aforesaid "border house," and required of her a better account of her doings hereafter, and a small gratuity in the shape of fine and costs for trouble, and to replenish the exhausted coffers of the Corporation.

As usual this morning there were a great number of idle and curious persons in the Mayor's Office. This nuisance is becoming intolerable. It is strange that old men, as well as the youths of our city, flock in great numbers every morning, "regularly," obstructing the ends of Justice, by stopping ingress and egress. It is a pity they are not better employed. A word to the wise is sufficient.

FINO CONTRACTORS AND OTHERS.

for the leasing for a termof years of the Alexandria Canal, including all of its real and other property. This canal extends from the city of Alexandria, Va., to the city of Georgetown, D. C., on the north bank of the Potomac, where it connects with the Chesapeake and Ohio Canal. The water is from thence conveyed across the Potomac in a wooden trough and superstructure, which is built on granite rock piers, and dria. The following description of the piers of the aqueduct is from a report by the late M. C. Ewing, esq., Civil Engineer — An abutment is built against the Chesapeake; and Ohio Canal at Georgetown. The Alexandria Canal commencing at this point is carried across the Petemac on an aqueduct 1600f et long. This aqueduct was located by surveys made in 1831. Of the eight piers as now built 4 are in water from 35 to 40 feet deep and 4 founded 25 to 35 feet below the surface. The abutments and piers were all built in coffer dams pumped out and dredged by eam machinery to the solid rock, on which they are erected in cement and trowel work | 250,000 bricks. On the property are three tenant from foundation. This laborious construction | houses, with stabling was the work of several years, with a large force engaged night and day except during p ort of the winter months. The piers are carried up 30 feet above the river surface, and are therefore in height from 55 to 70 feet. They are about 70 feet long at base, and 12 to 21 feet thick at the water surface. They are of granite rock laid in come t, and having stood the floods and drifts for several years, (1846) are believed to be of imperishable material and workmanship "-The cost of the aqueduct, \$575,381.43, including about \$50,000 for the wooden trough and superstructure. The other portion of the canal, embankments, culverts, locks, wharves, ferry at Georgetown, &c., cost over \$800,000. The Alexandria Canal may be properly called the terminus of the Chesapeake and Ohio Canal.— There was transported of coal alone, over the Alexandria Canal in 1860, about 300,000 tons, and the coal trade has largely increased since, but owing to the war no coal has come over the Alexandria Canal, for the reason that the aqueduct has been used by the Government as a wagoz road from Georgetown to Arlington .-Parties contracting will be required to place and keep the canal and aqueduct in order and repair, and to use the canal and aqueduct for the purposes for which it was originally constructed and no other unless by consent of all the contractng parties. For further information, such as bligations to be assumed, and conditions to be complied with, address, or apply in person to HUGH LATHAM.
